**Diamond Coated Grippers For A Longer Gripping Life
And Improve Color Registration.**

2901-A Edith Blvd. NE, Albuquerque, NM. USA 87107
505-343-0600 e-mail: sales@gt-specialties.com

Recondition Muller Martini gripper fingers with a Urethane or a Diamond gripping surface. The urethane is casted onto the gripper fingers and cured to a 90 to 92 shore hardness. The Diamonds are electrolytically bonded and come in sizes of 60/80, 100/120, 180 grit. Our normal time to recondition your gripper will be five working days or sooner.
