We can rebuild your Stationary Jaws

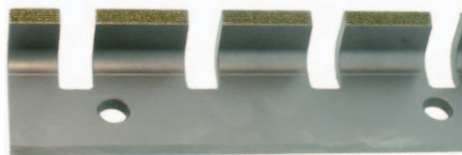

GT Specialties can bond industrial diamonds to your Stationary Jaws. The diamonds will out last any Carbide coating 5:1 times longer. We can coat different diamond grit sizes to fit your gripping needs. The average working day to do this reconditioning takes 3 to 5 working days. To service you more efficiently, please call:505-343-0600 to make an appointed scheduled time.

This is a close view of our 60/80 grit diamond coating. We are able to diamond coat different grit sizes, such as: 50/60, 60/80, 80/100, 100/120, 180, 200/220 and 300 grit.
