Plate clamps that have lost their gripping surface.

GT Specialties can bond industrial diamonds to your worn plate clamps. The diamonds will out last a Carbide coating 5:1 longer. Our Diamond coating is a very controlled layer and we can coat different diamond grit sizes too. The average working day to do this reconditioning takes 3 to 5 working days. To service you more efficient please call 505-343-0600 to make an appointed scheduled time.
